 those do we visit but we hear from individuals who
 patients of the little bottle they have derived from
 medicines prescribed by their physicians. Some say
 they have tried several medicines, we offer the other
 not only without benefit, but in many instances we
 immediately injured. Why is this? Sometimes they
 are of having taken several different medicinal
 medicines, hoping to obtain some benefit from that source
 after the Kasper Doctrine could be so more. Many
 rapidly under these circumstances, appear actually de-
 railed, and seem to have no hope of ever being

ter. Others find their constitutions so impaired, with their health so much worse by using medicine, that they are really in doubt of . . . going, and do not see them for fear of being made worse. Why are all this? There must be some reason—some cause! What is the cause? Either the physician did not know the disease the patient was laboring under, or he was ignorant of the kind of medicine necessary in the case. In fact, it is often a physician (reference his patient what the disease) But why do not physicians administer medicine the will care? Why are the sick compelled to drag out miserable existence without hope? Will Doctors

great. Many claim they may, cannot be harmful, and encourage patients in that way. Why can they not be harmed? The truth is, the physician, honestly, can't. For other reasons, why a nurse cannot be affected is that she does not know what medicine will cure, he is told one thing after another which his easy suggestion in him might prove beneficial, all which having failed on them as an excuse for shaming the nurse, promise us it is inevitable! If it is inevitable, we must ask why it is not what ought has become incapable of performing its function! That the fitness preference, that medicine will do them any good. The perfectly
